#### Citizens Life Insurance Co.

Louisville, Ky., Aug. 26th, '09

Editor, Record-Press:

I am pleased to advise you that the total amount of stock subscriptions received at the close of this Bulletin is \$580,260.

There are fifteen life insurance companies organized with home offices in the state of New York. There are seventy-one life insurance companies organized and with home offices in the twenty states South of the Ohio and Potomac rivers and between the Mississippi river and the Rocky Mountains. During the year ending December 31st, 1908, those fifteen New York life insurance companies pumped into New York as premiums paid as policyholders in these twenty Southern and Western states, the enormous amount of \$42,117,031. In the same year the seventy-one companies of the South and West received from the policyholders in New York state the sum of \$5,579, but the chances are that even this amount did not come from native New Yorkers.

Is that a reciprocal condition the South and West will much longer permit? Is the time not ripe for a great company within this territory capable of handling such an enormous volume of business? Why should not Kentucky have a company to control the life insurance business in the states referred to, when the territory covered by the figures quoted is only that logically within the scope of operation of a big Kentucky Company?

Food for thought: For the Five or Six Thousand Dollars that the companies quoted in the South and West took out of New York state last year in the way of premiums, New York State took from these sections over Forty-two Million Dollars.

#### GRADED SCHOOL NOTICE

Marion Graded School begins work Monday, Sept. 6th. Pupils from outside districts accepted in all grades. Tuition charges same as last year. All Crittenden County common school graduates of school age will be admitted to the High School Department without charge for tuition.

#### Mr. R. W. WILSON

The condition of Mr. R. W. Wilson who has been critically ill for so long, is yet unchanged. While he is very old, having reached the four-score mile-stone, the high esteem in which he is held by the peo-

ple of Marion and Crittenden county is such that were it in their gift, life and good health would be his so long as theirs to give. This good man has been one of Marion's best and most enterprising citizens, a true Kentucky gentleman of the old school and a benefactor to Marion in many ways. For sure the people

will miss him when God shall call him to share the home prepared for the just. Some days he surprises his friends by getting up and looking cheerful, giving them hopes of his ultimate recovery and then the next news comes that he is worse. May God bless him by restoring him to health if but a few short years.

### Notice.
